

## Workplace Super Performance Tables: 31 October 2020

### RAINMAKER BENCHMARK INDICES

The Rainmaker Benchmark Indices provide consumers, employers, retirees, superannuation funds and financial advisers with the most relevant superannuation and retirement performance benchmarks to compare their investment returns against. These indices are compiled from the most comprehensive analysis of actual superannuation and retirement fund performance results available, covering up to \$1.6 trillion in superannuation money on behalf of over 19 million member accounts in Australia.

Total number of MySuper Investment Options	187
Total number of MySuper Super Products	59

Default Lifecycle Index refers to the investment options into which a 40 year old member would be assigned.

Table is sorted by 3 year performance. Performance figures are net of investment, management, administration fees and the indirect cost ratio. In the case of dollar-based member fees, Rainmaker assumes a \$50,000 account balance. Your achieved performance may vary due to additional costs such as insurance; ask your fund for details. Public offer funds are open to all types of members. Limited public offer means new members may join provided they satisfy certain eligibility conditions. Past performance is no guarantee of future results.
